

Thank you for sharing your thoughts and ideas with us! We asked for this feedback to get a sense of how you feel about your experience with SAY Counseling. This booklet lets you know what your peers had to say, and has started a conversation of changes we want to make to counseling.

Who Answered Our Questions?

83% of you are between
13 + 18 years old

84% of you always feel
respected by your counselor

68% of you have seen your
counselor for 3 months or less

90% of you feel "very" or
"extremely" safe on campus

While most of you feel respected by your counselor, we do not always meet your needs. Possibly, this is because there is a broad range of feeling connected to your counselor. Do you have ideas for how we can improve our ability to connect with you?

One helpful suggestion we got was that art helps you! If you love creating, please turn to the last page of this booklet to find directions for a project...

Overall, you feel that our counselors are respectful of you and your experiences. We know there is always room for growth and improvement, so we will be asking for your feedback a couple of times a year. We are in the process of turning word into action and we look forward to telling you how your voice has made our program better!

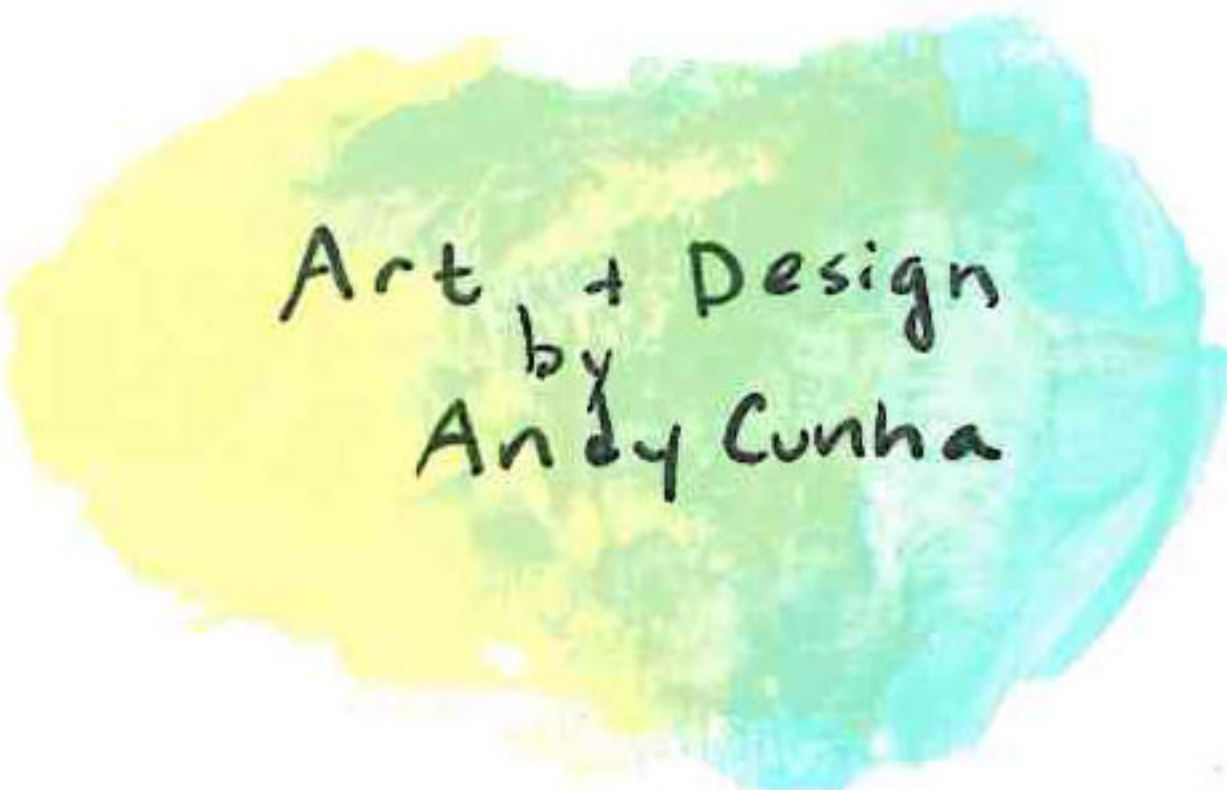

For a coloring page,
unfold this booklet
and flip it over!
